CRUSADE OPENS HERE OCTOBER 1!

By DON DeFOREST

Chairman, Washington Township United Crusade

Washington Township has accepted the job of putting on the biggest fund drive in its history for United Crusade starting October 1: $55,000 will be the Township's share of the $3,856,000 total minimum needs sought by United Crusade in the East Bay and Contra Costa communities this year.

Allocation of funds this year will be 64% to the East Bay Federation Community Chest of which Washington Township is one of the four members. Local services directly benefiting are Alvarado Mothers' Club, Irvington Youth Center, Mission Mothers' Club, Mission San Jose Youth Center, Washington Township Emergency Relief Fund, Boy Scouts and Girl Scouts of America, Saint Mary's of the Palms.

Other services benefiting and available to Washington Township residents are Children's Hospital of the East Bay, International Institute of Alameda County, Salvation Army, Travelers Aid, Visiting Nurse Association, various children's homes in the East Bay, and many others. Twenty-five per cent will be allotted to the American Cancer Society, American Red Cross, Arthritis and Rheumatism Foundation, Alameda County Heart Association, Alameda County Mental Health Association, and United Defense Fund. Approximately 11% will go toward cost of the campaign, publicity, accounting, and administration of the funds.

Directing the coming drive for Washington Township is Don DeForest of Kimber Farms and his committee, as follows: Gordon Dubuque of Orangeburg Manufacturing Company, chairman of Commerce and Industry; Pete Juhl of PG&E Company, chairman of Small Business; Byrde Duffey of Niles, residential chairman; Maurice Marks of Mission San Jose, publicity chairman; and Jack MacGregor, Superintendent of Newark schools, chairman of education.

Open your hearts and your pocketbooks! The need is greater than ever!

Father John Leal Retires After 40 Years As Township Priest

By MARGARET HANLEY

Every young man looks forward to the day when he can retire; every old man dreads the time when he may have to retire.

Reverend John A. Leal has just retired as pastor of Saint Joseph's Church in Mission San Jose. His successor is Father Clyde Tillman.

Father Leal was born in Biscoitos, Saint George Island in the Azores. His education began in the public schools in San Jose; his classical education started at Santa Clara College and continued at the College of Stonyhurst in England.

In 1902, he entered Saint John's Seminary in Boston to begin his career as a Catholic priest. He was able to further his education by studying in Portugal at the Grand Patriarchal Seminary at Santarew.

On April 21, 1907, he was ordained by the late Cardinal Patriarch Netto, then dean of the Sacred College.

In 1907, he was appointed to Compton in Providence. In November, 1908, he came to California and was appointed pastor of Newman, Stanislaus County, by Archbishop Riordan. In 1914 he was appointed pastor of Niles where he remained until 1918 when Archbishop Hanna appointed him to the historic parish of Mission San Jose which then embraced the towns of Irvington, Warm Springs and Sunol. Here, he has remained as pastor and priest to his many parishioners. Now, in September 1954, Father Leal has retired. At present he is at the Alexian Brothers rest home at Signal Mountain, Tenn.

Father Clyde Tillman was installed last Sunday after the nine-thirty o'clock Mass by Very Reverend Thomas F. Scahill, dean of Alameda County representing Archbishop Mitty.

Father Tillman was born in East Oakland on July 24, 1911. He was baptized in St. Louis Betrand Church; attended Saint Francis De Salles School for seven years then graduated from Our Lady of Lourdes School in 1924. His education began under the guidance of the Holy Names Sisters. From grammar school he entered the seminary at Mountain View and on to Menlo. From 1933 to 1937 Father Tillman completed his studies at the North American College in Rome.

After returning to his native country, Father Tillman spent five years at Saint Catherine's Church in Burlingame; nine years at Saint Vincent de Paul's in San Francisco, and over three years at Saint Jarlath's Church in Oakland — as assistant pastor.

Father Tillman has two brothers and one sister.

His younger sister is Mother Superior of the Holy Names Convent in Santa Monica.

NEW PHONE BOOKS SHOW GAIN HERE

New telephone books were distributed in Washington Township this week, providing another index to the area's growth.

The 1954 edition of PT&T's directory contains 4726 Township listings, an increase of 983 customers over last year, according to District Manager Doug Smith. Overall increase of 5349 names was reported for Southern Alameda County, including Hayward and the Livermore Valley.

Irvington, Alvarado Crossings Get Lights

State funds were allocated this week to help pay for two long-needed railroad crossing signals in Washington Township.

Two flashing-light signals will be installed at the Mission Road crossing in Irvington, and two at the Smith Street crossing in Alvarado. Four accidents have occurred since 1948 at the latter crossing.

The Southern Pacific Co. has agreed to pay half the costs which total $13,120. The county and the state split the remainder.

NILES, CENTERVILLE CONTINUE 'CITY' STUDY ON OWN

Niles and Centerville chamber of commerce committees this week got the go-ahead signal to report on cityhood — either for Centerville or a combination of neighboring towns.

Members in both towns were critical of last week's recommendation by a Coro Foundation expert, who said a six-month's study should precede any move toward incorporation, which in turn could not be accomplished before January, 1956.

"It would be an 18-month job, and then all we'd have would be another report like (the Coro Foundation) made on Washington Township in 1953," said James R. Meyer of Centerville.

"Our committee might be able to get the same result in a shorter time," agreed L. S. Williams. And acting president Dan Irwin declared:

"Perhaps action is needed more than study."

Williams warned that Hayward "is on the point of annexing part of Decoto"—two tracts north of that town—and that delay might serve only to give outside towns "a chance to cut our heart out."

Williams also declared:

"We know it will cost us something extra to incorporate, but our taxes have doubled and even tripled in the past eight years, and they're going on up whether we incorporate or not."

The Centerville committee handling the issue consists of Romeo Brunelli, Williams, Meyer, Dr. John Austin and Sal Valente.

In Niles, the committeemen are Baine Leask, Vernon Ellsworth and Frank Brown.

BIDS ON SCHOOL

Bids for the new Mission San Jose elementary school will be opened October 12, Trustee M. J. Overacker Jr. announced today. The 12-classroom school is slated to be finished next fall.

'Emergency', Say Supes

Centerville Wins Zoning!

Bartell Reverses Field As Lawyer Withdraws

Alameda County supervisors on Tuesday suddenly gave Centerville the protective zoning it has sought for three years.

The supervisors voted unanimously to zone the town and its surrounding area as recommended several times by their Planning Commission. The emergency ordinance takes effect at once.

Most recent delay in the zoning took place August 26 when Supervisor Harry Bartell of Alameda was successful in winning a referral to the planners again at the behest of a shopping-center promoter. The Oakland promoter, Harry Frank, claimed he had not had the opportunity for a fair hearing.

However last week the planners told Bartell they had held three hearings and that Frank had ample opportunity to appear.

Bartell said Tuesday that Atty. Clayton Orr, representing the market Frank claimed as the nucleus of his center, had withdrawn opposition to zoning for Centerville as suggested by the commissioners.

Supervisor Chester Stanley of Livermore gave a lengthy explanation of his vote on August 26, saying he believed the commission had held an "impromptu" session which Frank could not have attended.

However the planners' recommendation stated specifically all action on the issue was taken at regular sessions.

The new zoning permits businesses along Fremont avenue as far as Parish street, on Main street from the school to a point 600 feet north of Thornton avenue; allows industry between Central and Baine avenues, Blacow and Joseph streets; and sets up 6000-square-foot minimum residential lots for most of the rest of the area.

'Community Union' Study For Area Approved By Local Representatives

A "community union plan" to make a city out of the core of Washington Township is the goal of a government-study organization, it was announced here Thursday night to nearly 40 local civic leaders.

Kenneth Norris, representing the Coro Foundation, non-profit study group from San Francisco, left the meeting promising to ask a grant from the Columbia University Foundation for a Township survey.

Norris explained he will request as much as $7,500, which possibly could be matched by contributions from (1) local organizations, (2) Township industries, and (3) Alameda County.

Goal of the study would be an election, probably a year hence, at which towns involved would vote on whether they want to become a unified city.

He warned incorporation as single towns, now advocated by elements in Newark, might forever preclude the economy and efficiency found in a single large city.

Most of those present expressed "interest" but emphasized that the individual chambers of commerce would have to authorize any contract.

Norris indicated the cost to the communities might amount to about $500 each.

Norris stressed that the ground-work would have to be done by small local study committees. The Coro Foundation would act only as a "catalyst," he explained, advising what steps should be taken.

GEORGE REGO ON 'TOAST OF TOWN' TV

A Niles serviceman, George Rego, received nationwide attention last Sunday night when he appeared on the famed Ed Sullivan TV show, "Toast of the Town" from New York.

Young Rego, a talented saxophonist, starred with the Charlie Austin quartet, champions of the 12th Naval District. Rego, the son of Mr. and Mrs. Manuel Rego, 317 Third St., is stationed in San Diego with the Navy.

The quartet received a free plane trip East to appear on the popular show. George and his pals stopped over in Niles to visit his parents en route.

The local youth has been in the Navy 3½ years. He formerly worked for Kraftile, where his father is a veteran employe. He is married to the former Lorraine Brown of Centerville.

Extra excitement came later Sunday for Mrs. Rego when another daughter-in-law, Mrs. Ernest Rego, presented her husband with a granddaughter. Ernest is a coastguardsman stationed in Alameda.

ASK TRACT MEN

Subdivider representatives will be invited to address the Irvington chamber of commerce at a night meeting next week, it was decided by chamber members Tuesday.

Banker Carl Christensen reported the new San Francisco Bank branch will be under construction within two months. It is located next to the present bank on Broadway.

Joe Alter reported "most" Irvington merchants have pledged an average of $3 a month to provide street-sweeping service from a private firm.

SET FOR CRUSADE

Residential chairmen for the United Crusade, starting here early next month, were named today by Mrs. Byrde Duffey, Township residential campaign chairman.

The town chairman met Tuesday with Mrs. Duffey to map the annual drive. They are:

Alvarado, Mrs. Felix Diangson; Decoto, Manuel Hidalgo; Niles, Mrs. John E. Talley; Centerville, Mrs. Lester Courson; Newark, Mrs. Charles B. Snow; Irvington, Joe Alter; Mission San Jose, Mrs. Paul Aust; Warm Springs, Mrs. Evelyn Rose; Hillview Crest, Mr. and Mrs. C. J. Zablosky; Alviso District, Mrs. Ralph Logan.

THE MAYOCKS

LT. MAYOCK WINS NAVY 'WINGS'

Aviator's wings worn by his uncle, killed flying in World War II, were pinned on Marine 1st Lt. Stoney Mayock of Irvington last month in Corpus Christi, Texas, by his mother, Mrs. Ann Mayock.

Lt. Mayock received the traditional insignia after graduation exercises at the Naval Air Station in Corpus Christi. With his bride, the former Dorothy Stalbird, he will arrive here shortly to spend a few days' leave prior to reporting to El Toro Marine Air Base near Santa Ana, California.

Mrs. Ann Mayock traveled from Irvington for the ceremonies, conducted by R. Adm. Glover, station commander. The wings she presented to her son were last worn by her brother, Lt. Harold Rutherford, USN, who was killed flying from New Caledonia in 1943.

Hillview 'Play Day'

A Hillview Crest community "play day" is scheduled for September 25 from 2 p.m. to 11 p.m. at the Hillview Crest School, Decoto, "rain or shine."

Special events planned are a talent show, father-and-son baseball game, and dancing in the evening. Mrs. Edward Tindall is chairman and helpers are Mrs. Harry Spooner, athletics committee, Mrs. Dennis Zablosky refreshments, Mrs. T. D. Proffitt publicity; Mrs. Rodger Cowan, hot dog project; Mrs. Jean Conley and Thomas Schanf.

HAY BARN FIRE

Nearly $200 worth of hay burned Monday when fire hit a barn on Mayhews Landing Road.

Conway-Culligan Lose Water Plea

Conway & Culligan, Irvington Square subdividers, received another rebuff Tuesday in their attempt to bypass the Alameda County Water District.

County Supervisors refused by a 3-1 vote to reverse a Planning Commission ruling that C & C must take water from the public district, instead of setting up their own community water district.

The C & C tract south of Irvington has 200 homes completed or nearly so, but has been unable to get water because of the dispute. C & C wants the district to repay them for installing pipes.

DEMOCRATS WILL HOLD BARBECUE

A "Meet the Candidates" steak barbecue sponsored by the Washington Township Democratic Club, will be held on Sunday September 26, at 2:00 p.m. on the grounds of the Newark Pavilion.

NEWARK BUS BAN RELAXED FOR TOTS

Trustees of the Newark school district last week yielded to the pleas of parents and agreed to bus transportation for youngsters who live near the school but who must walk along a dangerous highway to get there.

Once more bus transportation will be allowed for children living along Baine between Birch and Cherry, on Birch, on Thornton between Birch and Mayhews Landing Road, and Mayhews Landing west of Sycamore.

Shortage of buses prompted the ruling last week, which in turn, brought protests from parents whose tots had to walk the unguarded and busy thoroughfares.

Cinemascope Premiere Sunday At Center Theater Features 'The Robe'

A$25,000 remodeling job will be completed this week at the Center Theatre, Centerville, climaxed by the first showing of wide-screen Cinemascope in Washington Township.

Manager Russ Osborn announces the local premier of "The Robe," a milestone in film-making, will take place here Sunday.

Osborn says the theater has been repainted and redecorated inside and out, and that a larger and more convenient snack bar has been installed in the renovated lobby.

The Cinemascope screen installed this week is 34 feet wide, and is seamless - the first of its type between Oakland and San Jose. This Osborn says makes for easier viewing of such spectacles as "The Robe."

The Center Theatre cost $15,000 when it was built in 1946, but this is its first major face-lifting.

Cinemascope, according to the local manager, requires no special glasses, but permits full natural vision, such as one sees from the corner of the eye.

Osborn came here more than a year ago after varied experience as manager of theaters in Los Angeles and Hollywood. He is assisted by Roy Carier, and by Chief Projectionist Anthony Coelho, who has been with the Center Theatre since its opening.

"The Robe," in technicolor, is the story of what happened to the cloak Christ wore at His crucifixion. Starring Victor Mature and Jean Simmons, it uses the wide screen to advantage in displaying scenes of Roman palaces and slave markets, Jerusalem on the first Palm Sunday, Calvary, and Roman galleys.

FRANK JONES, 83, OF NEWARK DIES

Frank W. R. Jones, 83, who jumped ship as a cabin-boy from England at the age of 14 years to settle in Washington Township, died at a Hayward rest home Thursday.

Jones worked in a Newark stove factory for many years, retiring after World War II. He was one of the James Graham Mfg. Co.'s initial employes.

As a young man, Jones was an ardent sportsman. He owned several famous greyhounds, and often won substantial prizes when race meets were held at the Newark track, now the site of Orangeburg Mfg. Co. He also was noted for his interest in amateur dramatics, and directed numerous plays for the community, especially benefits for the Presbyterian Church.

He leaves his widow, Nancy, at the family home on Rich Avenue; and a daughter, Mrs. Harlean Boyce of Newark; also three grandchildren and seven great-grandchildren.

Funeral services were Saturday from Chapel of the Palms, with the Rev. Martin Tonner officiating.

TOWNSHIP TOPICS

By HARRIET GITTINGS

THIS WEEK'S QUESTION: **WOULD YOU PATRONIZE A LOW-FARE LOCAL BUS THAT TOOK YOU INTO TOWN AND BACK TO SHOP?**

"I probably would. There's no transportation around here at all." **Mrs. A. W. Bannowsky,** 2527 Mayhews Landing Road, Newark.

"Yes I would if it was more convenient than the car, and saved money." **Mrs. Alice Davis,** 74 Lower Canyon Heights, Niles.

"Oh, yes, I'd favor it very much." **Mrs. George Kolesan,** 335 Emerson, Mission San Jose.

"I wouldn't because I drive and keep the car one day a week." **Mrs. Lathela Sheppard,** 800 Eighth Street, Decoto.

"Yes, I think that would be wonderful. They need something like that around here." **Mrs. W. D. Mosser,** 133 Blacow Road, Centerville.

"Yes, I would." **Mrs. Sally McCann,** 2531 Market, Newark.

"Yes we would if we were going anywhere." **Mrs. William Crabtree,** 828 Ninth Street, Decoto.

"I would, but I have four children and it's hard without a car." **Mrs. Jack Palmer,** 376 Beechwood, Centerville.

"Yes, I think it would be real nice and I think a lot of people would like to ride a bus." **Mrs. Hubert Carter,** 2320 Baine, Newark.

"Yes, that would be a good deal if they could get that here." **Mrs. Dale Willingham,** 416 Dana, Mission San Jose.

"If you mean just a Township bus, yes I would." **Mrs. Bob Thomas,** 312 Durham Road, Irvington.

"The only business I do is in town and I don't think it would be very convenient for me." **Mrs. John Perry,** 1145 Second, Niles.

"I don't know if I could or not. I think it would be nice, though." **Mrs. Lewis Nance,** 2564 Central, Newark.

"Yes, I would." **Mrs. Neva Williams,** 110 Clough Avenue, Irvington.

"I sure would because my husband takes the car and I have to wait to share a ride with the neighbors." **Mrs. Betty Pappas,** 261 Cabrillo Drive, Centerville.

"Yes that would be handy if it ran according to my schedule." **Mrs. Dick Hayes,** 131 Fremont Avenue, Niles.

"I probably wouldn't very often since I have two children." **Mrs. M. Currie,** Mission Road, Irvington.

"I'll say I would!" **Mrs. Devona Moore,** 313 Coronado Drive, Centerville.

"I probably would, because I have to wait until my husband gets home to go to the stores. It would be nice to have bus service." **Mrs. L. E. Farmer,** Box 524 Apartment 2, Niles.

"I doubt it, since I drive." **Mrs. Carl Palacio,** 122 Fourth Street, Irvington.

"Yes I would. I've got two kids and I don't like to walk that far." **Mrs. Lois Simpson,** 403 Hazelwood, Centerville.

"I doubt very much if I would. We usually shop Friday night and don't need to use a bus much during the week." **Mrs. J. Watts,** 870 Christine Street, Newark.

"I don't know if I would or not, I'm so close to town, but I think it's a good idea." **Mrs. A. Thomson,** 356 Walnut, Centerville.

PARKING LOT WORK STARTS IN C'VILLE

Work started this week on a public parking lot for Centerville.

Sponsored by local merchants who subscribed more than $250 a month to establish it, the lot will accommodate 50 cars and will be located on Main with an exit on Fremont Avenue.

Dr. John Austin reported Monday to the chamber of commerce that Safeway Stores Inc. had donated $100 toward the lot, and that an old house which occupied the Main Street entrance is being demolished.

Weibels' Party

The home of Mr. and Mrs. Fred Weibel at Mission San Jose was the scene of an autumn gathering last Saturday night, the event commemorating the beginning of the grape crushing season of 1954.

Guests were intrigued by the novel table and house decorations featuring several types and varieties of grapes grown in the Weibel vineyards. The arrangement was the work of Mrs. Hulda Weibel.

A buffet supper was served and dancing followed.

Guests enjoying the Weibel's hospitality included Congressman and Mrs. George P. Miller, Alameda; Commander and Mrs. Earl Armstrong, USN, Palo Alto; Mrs. Dell Hamilton, Seattle; Mr. and Mrs. Joseph Enzensperger, San Francisco; Mr. and Mrs. Wilbert H. Kehe, San Francisco; Supervisor George A. SPRING BEAUTIES SHOULD BE PLANTED THIS FALL

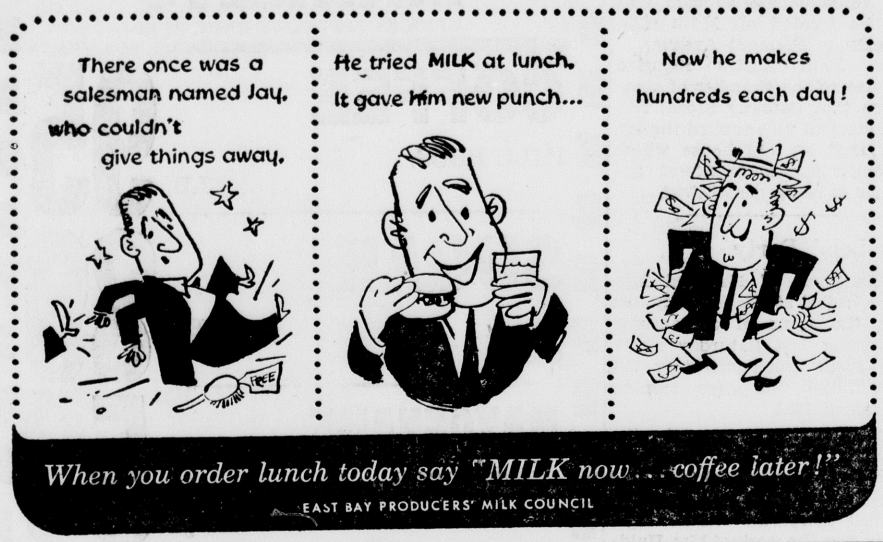
A sure sign of Spring in any garden is the proud Tulip, aloof, yet brilliant in color and symmetrical in shape.

Perhaps the haughtiness of the Tulip derives from the very special treatment and fuss made over it during the 17th century in Europe. During this time a freak Tulip was developed from a normal one-color bulb. This freak was feathered or checked with many colors. Bulb divisions of the freak produced freak Tulips, but the seeds from the "broken flowers" produced normal flowers. Prices for the freak Tulips or "breaks" rose fantastically and eventually the market for such Tulips collapsed — there being more people who wanted to make quick money selling Tulips than those who wanted to buy them to look at.



There once was a salesman named Jay, who couldn't give things away.
He tried MILK at lunch. It gave him new punch...
Now he makes hundreds each day!

Simple Garden Pool

LOTUS IN HALF-BARREL

If you want cool and lovely water plants in your garden setting without the expense of a pool, an article in Sunset for July tells how to grow East Indian lotus in a plunged tub or half barrel.

If grown as shown in the diagram above, change water frequently at first, then simply keep filled. These lotuses are easy to grow and hardy anywhere the rootstocks don't freeze. Flowers, often a foot across, are single or double in pink, yellow, or white and red combinations.

A well designed pool, properly planted, is about as trouble-free as a garden can be. Yet even a few square feet of surface can produce a rare and fragile beauty. And there's a whole new world of exciting plant material. The July Sunset tells what to plant and how, in your new garden pool.

SUZY SEZ...

After considerable checking, a Newark mother found it was the family dog, not the children, eating her tomatoes!

It sounded peculiar when the Irvington gal remarked to a mechanic friend she met at church: "I didn't know you with your suit on!"

I hear that old "improve your lawn with our genuine fertilizer" sales dodge is now being worked in the Township. It would be far better, and cheaper, to buy from a local nursery, or farm.

Niles, as well as Centerville and other towns won't really be cleaned up until the litter scattered by thoughtless folks is put in containers. How many times have you tossed a candy bar wrapper away as you go from store to store?

One Centerville lady says she's glad she lives in a tract when she sees the huge cost of laying sidewalks that home owners must absorb. She doesn't mind having it included in her house payments.

The man of the family says he'll be glad when the youngsters get big enough so he can refuse vegetables he dislikes.

I've heard that you can get a veal chuck roast, and fry it like steak, and fool the family into thinking they are really living with large steak servings.

The first thing everyone asked me after the announcement of the dump in Newark was "Where's Perrin Avenue?"

Pardon me for remarking, but with winter and less lawn watering those bi-monthly water bills won't look so bad. I'd prefer keeping tax costs down, myself.

My youngest says his bare feet are just getting tough when school starts. Too bad bare feet aren't popular. Think of the shoe leather you'd save.

Why is it that homemakers cling to a worn-out ironing board long after they'd get rid of a shaky chair or cracked dish? I'm like the rest of you, I admit.

The P.T.A. at your child's school is planning its winter program, and they want you to attend. Plan on doing so!

When I see an auto being driven by some Township repairman in a reckless manner, I hope it's just being checked for squeaks, brakes, or steering.

Can anyone tell me why the "grand opening" of stores are held weeks after they've opened for business?

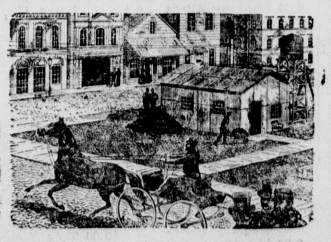
modern electric living began with this lamp

The date was October 21, 1879. In his laboratory young Thomas Edison stood watching a filament glow in a glass bulb. The ingredients of his crude experimental lamp were a bit of carbonized cotton thread bent in horseshoe form, and placed inside the sealed glass bulb. And it was this—the first successful incandescent lamp—that brought electricity out of the laboratory, and into the home.



In the same year, 1879, San Francisco was the first city in the world where anyone could buy electricity. P. G. and E. electric business dates from this tiny plant pictured above. Another P. G. and E. ancestor company had introduced the first gas lights, 25 years earlier.

Today, electricity is an everyday part of our lives. And good lighting costs so little. Thanks to more efficient light bulbs and lower cost of electricity, you now get 17 times as much light for your money as people did when the incandescent lamp was first used in California.

Street Sweeping Asked For Niles

Merchants of Niles this week were being solicited to underwrite a weekly cleanup of business streets by a Hayward firm.

J. O. Hicks, of Kleen Sweep Co., told the local Chamber of Commerce on Tuesday he would send power-brooms along First Street twice a week and down H, I and J Streets to Second "about once a week" for $20.

The chamber took no action pending Hicks' survey of merchant opinion. The civic group has been planning a cleanup drive.

Hicks said he needs "about 75 percent" participation from merchants. The work would be done at night. County crews now sweep downtown Niles on the average of once a month.

'TOWN UNION' PLAN IS ADVANCED

Continued from page 1

The government expert told his audience — gathered at the urging of several local chambers of commerce — that by a "community union" city, existing services might be unified and the tax rate lowered "or at least stabilized."

With an expected population of 50,000 or more by 1960, Norris urged that "now is the time to plan."

He said a study such as is contemplated would consume six months, and that it would normally be followed with an educational campaign sparked by local interests, which in turn would culminate with an election.

"This would be an unique situation," Norris said. "I mean, five or six towns getting together as a city."

He said enough interest in the study was expressed at the meeting to warrant his request to Columbia on Oct. 1.

Four Newark men did not indicate they officially represented that community. Newark is having a community meeting Sept. 29 to consider a study of incorporation.

Norris suggested the term "community union" as title of the study, which would concern the "core of the Township, Centerville, Decoto, Irvington, Newark and Niles."

BIBLE MEETING

Another meeting in the bimonthly series of Bible Studies was held Wednesday at the home of Mrs. Raymond Moughon in Niles. An invitation is extended to all Township women to attend the next meeting October 6, and to contact Mrs. Moughon at Niles 7923.

Flood Bond Vote Set December 7

December 7 is the date for a $4,000,000 bond election to provide flood protection and drainage for the Niles-Decoto-Centerville-Newark area.

County supervisors on Tuesday set the date for a vote on Zone 5 of the Alameda County Flood Control & Water Conservation District. Similar zones already are in operation around Irvington and north of Decoto.

Rotary Hears Admission Day Story

Historical events leading up to California's Admission Day were recounted for the Rotary Club by John Sandoval, Hayward history hobbist.

Sandoval told how California was taken over by the United States after the Mexican War, then how mass meetings of Americans in the various towns forced the U. S. miltary governor to call a constitutional convention in Monterey.

There was argument through September and October, 1849 over whether California should be a slave or a free state, Sandoval said, but with the unexpected aid of men like William Gwin, a onetime Mississippi congressman, the convention voted 46-2 for free soil.

Gwin and General John C. Fremont were named Senators and sped to Washington via the Panama isthmus to plead for Statehood.

However debate in Congress continued until the following September. At last the Senate voted to admit California as a free state after Daniel Webster pointed out it was too dry to grow cotton. (California ranks first in cotton production today!)

Sandoval recalled the good news didn't reach San Francisco until October 12, where it became the occasion for a grand debauch.

In passing, the Hayward historian mentioned that Fremont had tried to buy most of Washington Township after passing through here in 1846. In fact, said Sandoval, the explorer deposited $5000 to purchase land later owned by the Beard family.

But his agent, the consul at Monterey, bought land in Mariposa County instead - property which later yielded more than $10,000,000 in gold for Fremont.

Mr. and Mrs. Robert Drouin, Norris Road, held open house Sunday for members of Mr. Drouin's family. A buffet dinner was served to sixteen guests, the majority of whom came from San Francisco for the event. Included in the guest list were: Mr. and Mrs. A. J. Drouin, Robert's parents; his aunt, Mrs. Mary Leigh; his uncle, Albert Fahey; and aunt and uncle, Mr. and Mrs. Herbert Fahey.

A membership drive is now under way by the Degree of Pocahontas, which meets the first and third Tuesdays of each month at Newark Pavilion. Glenmoor ladies who have belonged to other chapters of this organization or who wish to join, are invited to telephone Mrs. Marie Wright at Newark 3-3508.

The Glenmoor Bridge Club met September 15 at the home of Mrs. Genevieve Swenson, Glendale Drive.

Mr. and Mrs. Russell Swass, daughter, Beatrice, and Charles Schafer, Decoto, returned recently from a three-week fishing trip to Bluff Creek, located between Arcada and Redding. According to Mrs. Swass, she took top honors for catching the largest fish, but Mr. Swass won the prize for catching the "mostest"!

Happy birthday to Kathy Nolte who was twelve on September 16. Kathy celebrated the event with a birthday party on Saturday and welcomed the following guests: Beatrice Swass, Mary Jo Swenson, Cathy Swenson, Mary Joyce Horejsi, Joan Ludemann, Carol Bauhofer, Louise Fleury, Adrianne Olivera, Elva Jane Lobato, Linda Click, Joan Fregas and Diana Vilhauer.

Joseph L. Phillips, 341 Norris Road, is in need of a helping hand; or, more to the point, a "helping ride". Mr. Phillips, a newcomer to Glenmoor Gardens, has been looking without success for one or more fellow commuters with whom he might organize a car pool. Downtown Oakland is the destination; working hours 8:00 to 4:30. If anyone can accommodate Mr. Phillips, he would appreciate a ring at Centerville 8-2443.

Relative to the water-rate question, Matt Whitfield of the Alameda County Water District explains the meter charge mentioned in last week's paper as being "a continual charge of 80c per month for standard meters" with the charge for larger meters running slightly more. There is evidently no relief in sight from high water rates, since Mr. Whitfield stated that to his knowledge no application for a rate decrease has been made; nor does the ACWD contemplate lowering water rates at this time.

Mrs. Robert Drouin will be in charge of the United Crusade fund-raising campaign in Glenmoor Gardens. Plans call for enough volunteeers so that each one need cover only an approximate ten houses. Anyone wishing to volunteer for this work is requested to telephone Mrs. Drouin at Centerville 8-2119.

Congratulations to Mr. and Mrs. Richard Weinberg, Glenview Drive, who welcomed a new baby boy into the family on Friday, September 17. The newcomer has been named Thomas Ralph and weighed 8 lbs., 13 oz. when he checked into Alameda Hospital. The Weinbergs have one other child, Mike, 19 months.

Plans European Trip

Mrs. Bruce Michael of Warm Springs left this week for an extended trip to Europe with her mother-in-law, Mrs. George Michael of Geneva, Illinois. Mr. Michael will join them in Europe late this fall.

A third and fourth, located inside the bank serve as a time saver for those who require no cash transaction.

The very attractive exterior is finished in Arizona and Nevada field stone. Two spot lights illuminate the building at night. Free parking facilities are provided in the nearby parking lot of the Merchants Association of which the Bank is a member.

WANTED: GRASSROOTS INTEREST

Home rule on a Town or Township basis was debated last week by chambers of commerce and their representatives, and a Coro Foundation expert wants us to wait for another survey to see what is the best way to handle the problem. Government-study organizations may underwrite most of the cost, with Washington Township the guinea-pig.

Study never hurt anyone, and might save mistakes. On the other hand, 1956 may be too long to wait for cityhood. Events are moving very much faster today than anyone expected when the first Coro Report was made 18 months ago.

These are two of the considerations that confront us, and to be truthful, we haven't made up our mind yet. On one other item, however, we feel certain — and we also feel concern. To be successful, a cityhood movement must have a broad base, a base deep in the grassroots. So far only the chambers of commerce have taken an interest, and their influence is not enough to swing it alone.

Much greater interest must be shown on the part of everyone if self-government is to become a reality here.

We urge everyone who cares what happens to his community to write this newspaper, stating his or her views on cityhood. We will do our best to print every word on this vital subject.

SPARE THAT TREE!

In recent days we've noted sadly a couple of backward steps taken in our Township.

Along the Decoto Road, some fine old fruit trees whose blossoms used to lighten hearts each spring were uprooted in a single day to make way for a wider road. And in Niles, some lacy young ashes that lent a gay air to the former cannery also were jerked out for some obscure practical purpose.

To our mind, Sacramento is one of the handsomest cities we know. The reason: hardly a street isn't lined with stately elms or other greenery. The pavements are cool, even in the busiest commercial districts, because of Sacramento's beautiful shade trees.

Our Township has its share of fruit trees, but the towns are getting fewer and fewer shade trees to boast of.

Progress is greatly to be desired, but beauty and a link with nature are desirable too. We would oppose progress that did nothing except build up an area while tearing down every "prospect that pleases."

A pro-tree program should have two aims: to plant new trees and preserve the ones we have, even at the cost of inconvenience or extra cash. Beauty can pay dividends for us, and it's time we bought some. Maybe there ought to be a law.

GOLDEN DAYS

In the spring we think spring is our favorite season, but in September, we know it's the fall.

Have you ever driven the highway near Centerville just as the sun sets? On a clear evening, our hills turn to pure gold. Sunlight filtering low from the horizon as through a prism bathes everything in magic.

Mission San Jose, with its creamy spire, nestles in the dark eucalyptus at the base of its peak, to all eyes a village in Switzerland. In the time it takes the sun to die, the hills glow with distilled fire, all the more brilliant because the valley below is dark.

Then twilight's cloak draws upward to free the enchanted onlooker.

FLY-TIME

Along with the nice things of the season, September seems to have brought us an extra dividend of flies this year. Persistent, ravenous and impudent, the varmints invade our offices and homes in hordes like the Marching Chinese, who multiply so fast that, by tradition, they never stop passing a given point.

A true stoic, we ignored the insects for awhile, then took a half-measure or two, with palm of hand or rolled-up newspaper. Finally we bowed to science and bought a spray-bomb. But this gadget proved so fascinating we never got any work done—just roamed the place in a cloud of pyrethreum with the bomb turned on.

This was also very expensive, so we fell back on the ancient hand-sprayer, good exercise, but not very efficient. Meantime the flies developed an immunity to everything in the office except people. Today the enemy is in full possession and we are retreating into the streets until the first frost.

PERMANENCE!

CAROLLING AROUND NEWARK

JEANNE & GENE CARROLL
NEWARK 3-3564

AROUND TOWN—It's time we got around downtown to say good-bye to a pair of Newark businessmen . . . brothers Frank and Paul Gygax . . . but only as businessmen, they'll still remain neighbors. Frank and Paul sold the Stop-and-Shop Market and are looking forward to a five-day week, eight-hour day job — any offers?

The new owners — as of October 1 — are Sam Chan, grocer, and Herb Chan, butcher. Haven't had the pleasure of meeting the Chans yet, but we know they hail from San Francisco. To the two going and the two coming . . . lots of success.

Inspectors from the Alameda County Health Department gave the sewage treatment plant in Newark (Union Sanitary District) a clean bill of health in the "big smell" episode. If every sanitary or sewer district using the bay for disposal was required by law to pass all sewage through a treatment plant, then we wouldn't experience this yearly visit from the "big smell". Could we get some results along these lines by writing our Assemblyman and State Senator?

Last week we received a funny book at our door that contained a very serious message (unlike so many of those horror books that are for sale) about "a good life for the handicapped" put out by Goodwill Industries. A one minute phone call (BRowning 6-4487) will bring them for your useable discards and provide a livelihood for the handicapped.

We see where the Centerville C of C has asked the Alameda County Planning Commission to furnish a copy of the commission's agenda in advance of its meetings. We will go the Centerville C of C one better by asking the same be done by the Newark Chamber, plus, asking for a notice of building permits, prior to approval, so an objection can be made to permits being issued which okay buildings or businesses contrary to good planning. Until such time as incorporation comes to this area, the towns will continue to have poor control over what does or does not take place here, so every little bit of additional info would give us a chance to "spout off about it."

We finally got the word on the Recreation Trustee Board and the "what's cooking" last week. One member of the original board and the two 1954 appointees to the Board, Neil Sheffield and Orvil Haynes, will be up for re-election on Tuesday, Nov. 2. Deadline for applicants to file, as far as we can find out, is October 2 or thirty days prior to election day. At any rate, time is short so aspirants better hurry.
